

Park District's Board of Park Commissioners. Mr. Bartholomew is officially the longest serving Commissioner to date.

WHAT'S GOING ON WITH THE BEECH ACRES PROPERTY?

Anderson Park District withdrew its levy from the November, 2015 ballot because the Anderson Township Trustees said they would purchase the property for the community and serve as the placeholder. On February 4, 2016, the Trustees announced they would not purchase the property. While the APD continues to be interested in preserving this property as a public park for the lifetime of the community, the future is uncertain as of the production of this publication.
