18th Annual

Ball Diamond Repair FREE Certification Workshop

Learn the acceptable methods to repair ball diamonds and get in as many games as possible during the season! The Anderson Park District will train interested coaches and parents to properly prepare a ball diamond for play, especially after inclement weather. Field repairs performed without adequate knowledge damages the fields, which often prevents future games from being played.

IMPORTANT NOTE: If you attended the Workshop in 2018 or were certified within the past two years, you are NOT required to attend the Workshop again, but you will need to renew your certification. A current certified individual must be present upon ANY repairs being made to an Anderson Park District ball diamond; failure to do so may result in loss of field privileges and/or fines.

Renewing Certification: To renew your, Ball Diamond Repair Certification, download and complete the Re-Certification form by April 11, available at AndersonParks.com, or at the Juilfs Park Office, 8249 Clough Pike, Monday – Friday, 8:30 am – 5:00 pm. After you have submitted the form to APD, you will receive your 2018 Ball Diamond Repair Certification ID in the mail within two weeks of submission.

If you are interested in attending the workshop, please complete this registration form and return to the APD (Juilfs Park, 8249 Clough Pike, Cincinnati, OH 45244) by the deadline. Pre-registration is required in order to better serve the participants.

When you arrive, go to the Administrative Office at Juilfs Park to sign-in and to have your photo taken for the ID. Shortly after the scheduled start time, the group will walk to one of the Juilfs Park ball diamonds for the workshop.
