Board of Park Commissioners' Message: Winter 2027

As the parks transition from fall to winter, we are reminded of all there is to celebrate with the season and reflect on our most recent park accomplishments.

Anderson Park District staff continue to make progress on park projects promised through the capital campaign. Since voters approved the capital levy in November 2023, several projects have been completed, enhancing the landscapes and amenities throughout our parks.

Highlights from 2026 include the completion of Riverside Park ball diamonds and ongoing improvements to the natural trails at W. M. Johnson Hills Park. Significant upgrades are also underway at Laverty Park, including ADA accessible walkways, parking repaving and the construction of a new maintenance/restroom facility.

The status of the 2023 capital campaign improvement projects is available on our website AndersonParks.com. The Park Improvement Matrix is updated monthly and presented to the Board of Park Commissioners at its public meeting. The Board of Park Commissioners meets in regular session typically on the second Tuesday of each month at the Juilfs Park office at 6 p.m. See AndersonParks.com for the schedule.

Looking ahead to 2027, park staff will begin the public input process to help shape the design of Juilfs Park. Residents can find specific updates regarding the public input process on our website in the new year.
